Use RESPECT when hunting on privately owned lands

Hunting without permission is a problem in Alberta. It generates anti-
hunting sentiment among landowners and results in the prosecution of
more than 200 hunters each year. Hunters should establish friendly rela-
tions with landholders by requesting permission to access private land,
leaving gates as they find them, avoid damaging crops or property, and
avoid disturbing livestock.

Hunters are reminded that it is a privilege to access private lands and
is contingent upon courtesy and responsible conduct. It is the hunter's
responsibility to know, understand and abide by access conditions that

apply when using and enjoying these areas.
